On Thursday, October 26th, 1995, James was last seen hitchhiking in North Fond du Lac, WI. Nine days later, he was reported missing by his sister. On November 14th, 1995, James' white Dodge Aires station wagon was recovered from the Stretch Truck Stop near North Fond du Lac. The keys were in the ignition and his personal possessions were in the cargo area. James was last seen wearing a green camouflage jacket and silver wire rimmed glasses. He sustained a severe head injury when he was young which required a shunt implant. The initial shunt failed, necessitating a second shunt. The implants required "bilateral burr holes" so the shunts could pass through his skull.
