General Information:

In the morning of November 26, 1995, a hunter discovered the skeletal remains of a young white male in a remote wooded area on the bank of Turtle Creek in Bradford Township, Rock County, (near Janesville), Wisconsin. Forensics analysis determined that the young male was deceased for approximately one year, placing his time of death during the fall/winter of 1994. The cause and manner of death are undetermined. A black Aquatech watch was found on his left wrist. For additional information and photographs regarding this victim, refer to the National Missing and Unidentified Persons System (NamUs) case file number UP# 4757.

Dental chart, x-rays, photos are available. NucDNA and MtDNA on file at UNT and NDIS.
